\*The California Electronic Waste Recycling Act requires that Lenovo and other retailers charge a recycle fee on certain "covered electronic devices" sold in California, including video display products such as computer monitors, notebook computers, and digital picture frames. These fees are determined by the State of California and vary by product screen size. For additional information please see Lenovo's environmental webpages.

\*\*An estimated ship date will be posted on our order status site after your order is placed. The date reflected above does not determine when your order will ship since inventory status may change before your order is final and because items may be held until all products on the order are ready to ship. To obtain the latest information about the availability of a specific part number, please call the phone number listed in the masthead at the top of this page. A flat charge for shipping & handling may apply for certain orders, as indicated on the Checkout page.

\*\*\*Lenovo Financial Services can provide leasing options for U.S. commercial customers for transactions greater than \$5000. Rates and offering are subject to change without notice. Transactions and rates are subject to Lenovo Financial Services review and approval of equipment configuration, credit and documentation requirements. All applicable taxes and shipping costs will be billed in addition to the monthly payment amount. Financing may be available in other countries. For further information, please contact your Lenovo sales representative at 866-428-4465.
