Overview

Get crisp and fast color laser printing from the 1250c Color LED Laser-Class Printer from Dell™. With a true print resolution of up to 1200 x 600 dpi, the Dell 1250c produces razor-sharp printouts for both business graphics and text. It delivers high-performance printing of up to 12 ppm mono and up to 10 ppm color (letter/A4) (actual print speed will vary with use) in a compact form factor. Designed for high printing volumes and great usage demands, it has a standard paper input capacity of 150 sheets and also provides a duty cycle of up to 30,000 pages per month. It allows users to print, copy, and scan documents. Moreover, it is equipped with 192 MHz processor speed and 64 MB RAM.

With the ultra compact design and powered by breakthrough LED printing technology, the 1250c provides effortless setup and installation via USB2.0 port. The Dell 1250c is Energy Star® certified, making it more power efficient than conventional models. Equipped with wide range of features, the 1250c Color Laser Printer lets you print vivid, bright and vibrant printouts with ease.

This printer comes with 3-Year Advanced Exchange Warranty.

Thank you for your business!
