## Overview

Get crisp and fast color laser printing from the 2150cn Laser Printer from Dell™. With a native print resolution of up to 600 x 600 dpi, your color documents will always look sharp. Plus you can get crisp graphics, text, and photos with true-to-life color with the automatic color space and image correction technology. Enjoy fast high quality printing, faxing, scanning and copying all up to 24 pages per minute (ppm) in both mono and color (letter) (actual print speed will vary with use). Additionally, 2150cn can reliably produce high quality printing at a maximum monthly duty cycle of up to 40,000 pages. Designed for high printing volumes and great usage demands, it has a standard paper input capacity of 250 sheets and an astonishing 400 MHz processor speed couples with a standard memory of 256 MB RAM.

The Laser Printer 2150cn includes the Dell Toner Management System™ - an intelligent toner and consumables monitoring program that proactively provides alerts when you are low on toner. It provides effortless setup and installation via High speed USB2.0 port. Additionally, it also provides the Ethernet port to connect to the network and Wireless port for optional dongle. The Dell 2150cn is Energy Star® certified, making it 25% more power efficient than conventional models. Equipped with Dell OpenManage™ Printer Manager which is an easy-to-use network utility that provides a flexible and efficient means to manage, monitor, and generate reports for your printer fleet. Achieve professional quality color prints with the Dell 2150cn Multifunction Color Laser Printer, featuring fast print speeds in both mono and color, and amazing long-term value built with your growing business in mind!

This Printer Comes with 3-Year Advance Exchange Basic Warranty
